

How We Interpreted our Cluster Results

Looked at summary statistics for each cluster (avg_budget, avg_revenue, avg_score, count) to interpret

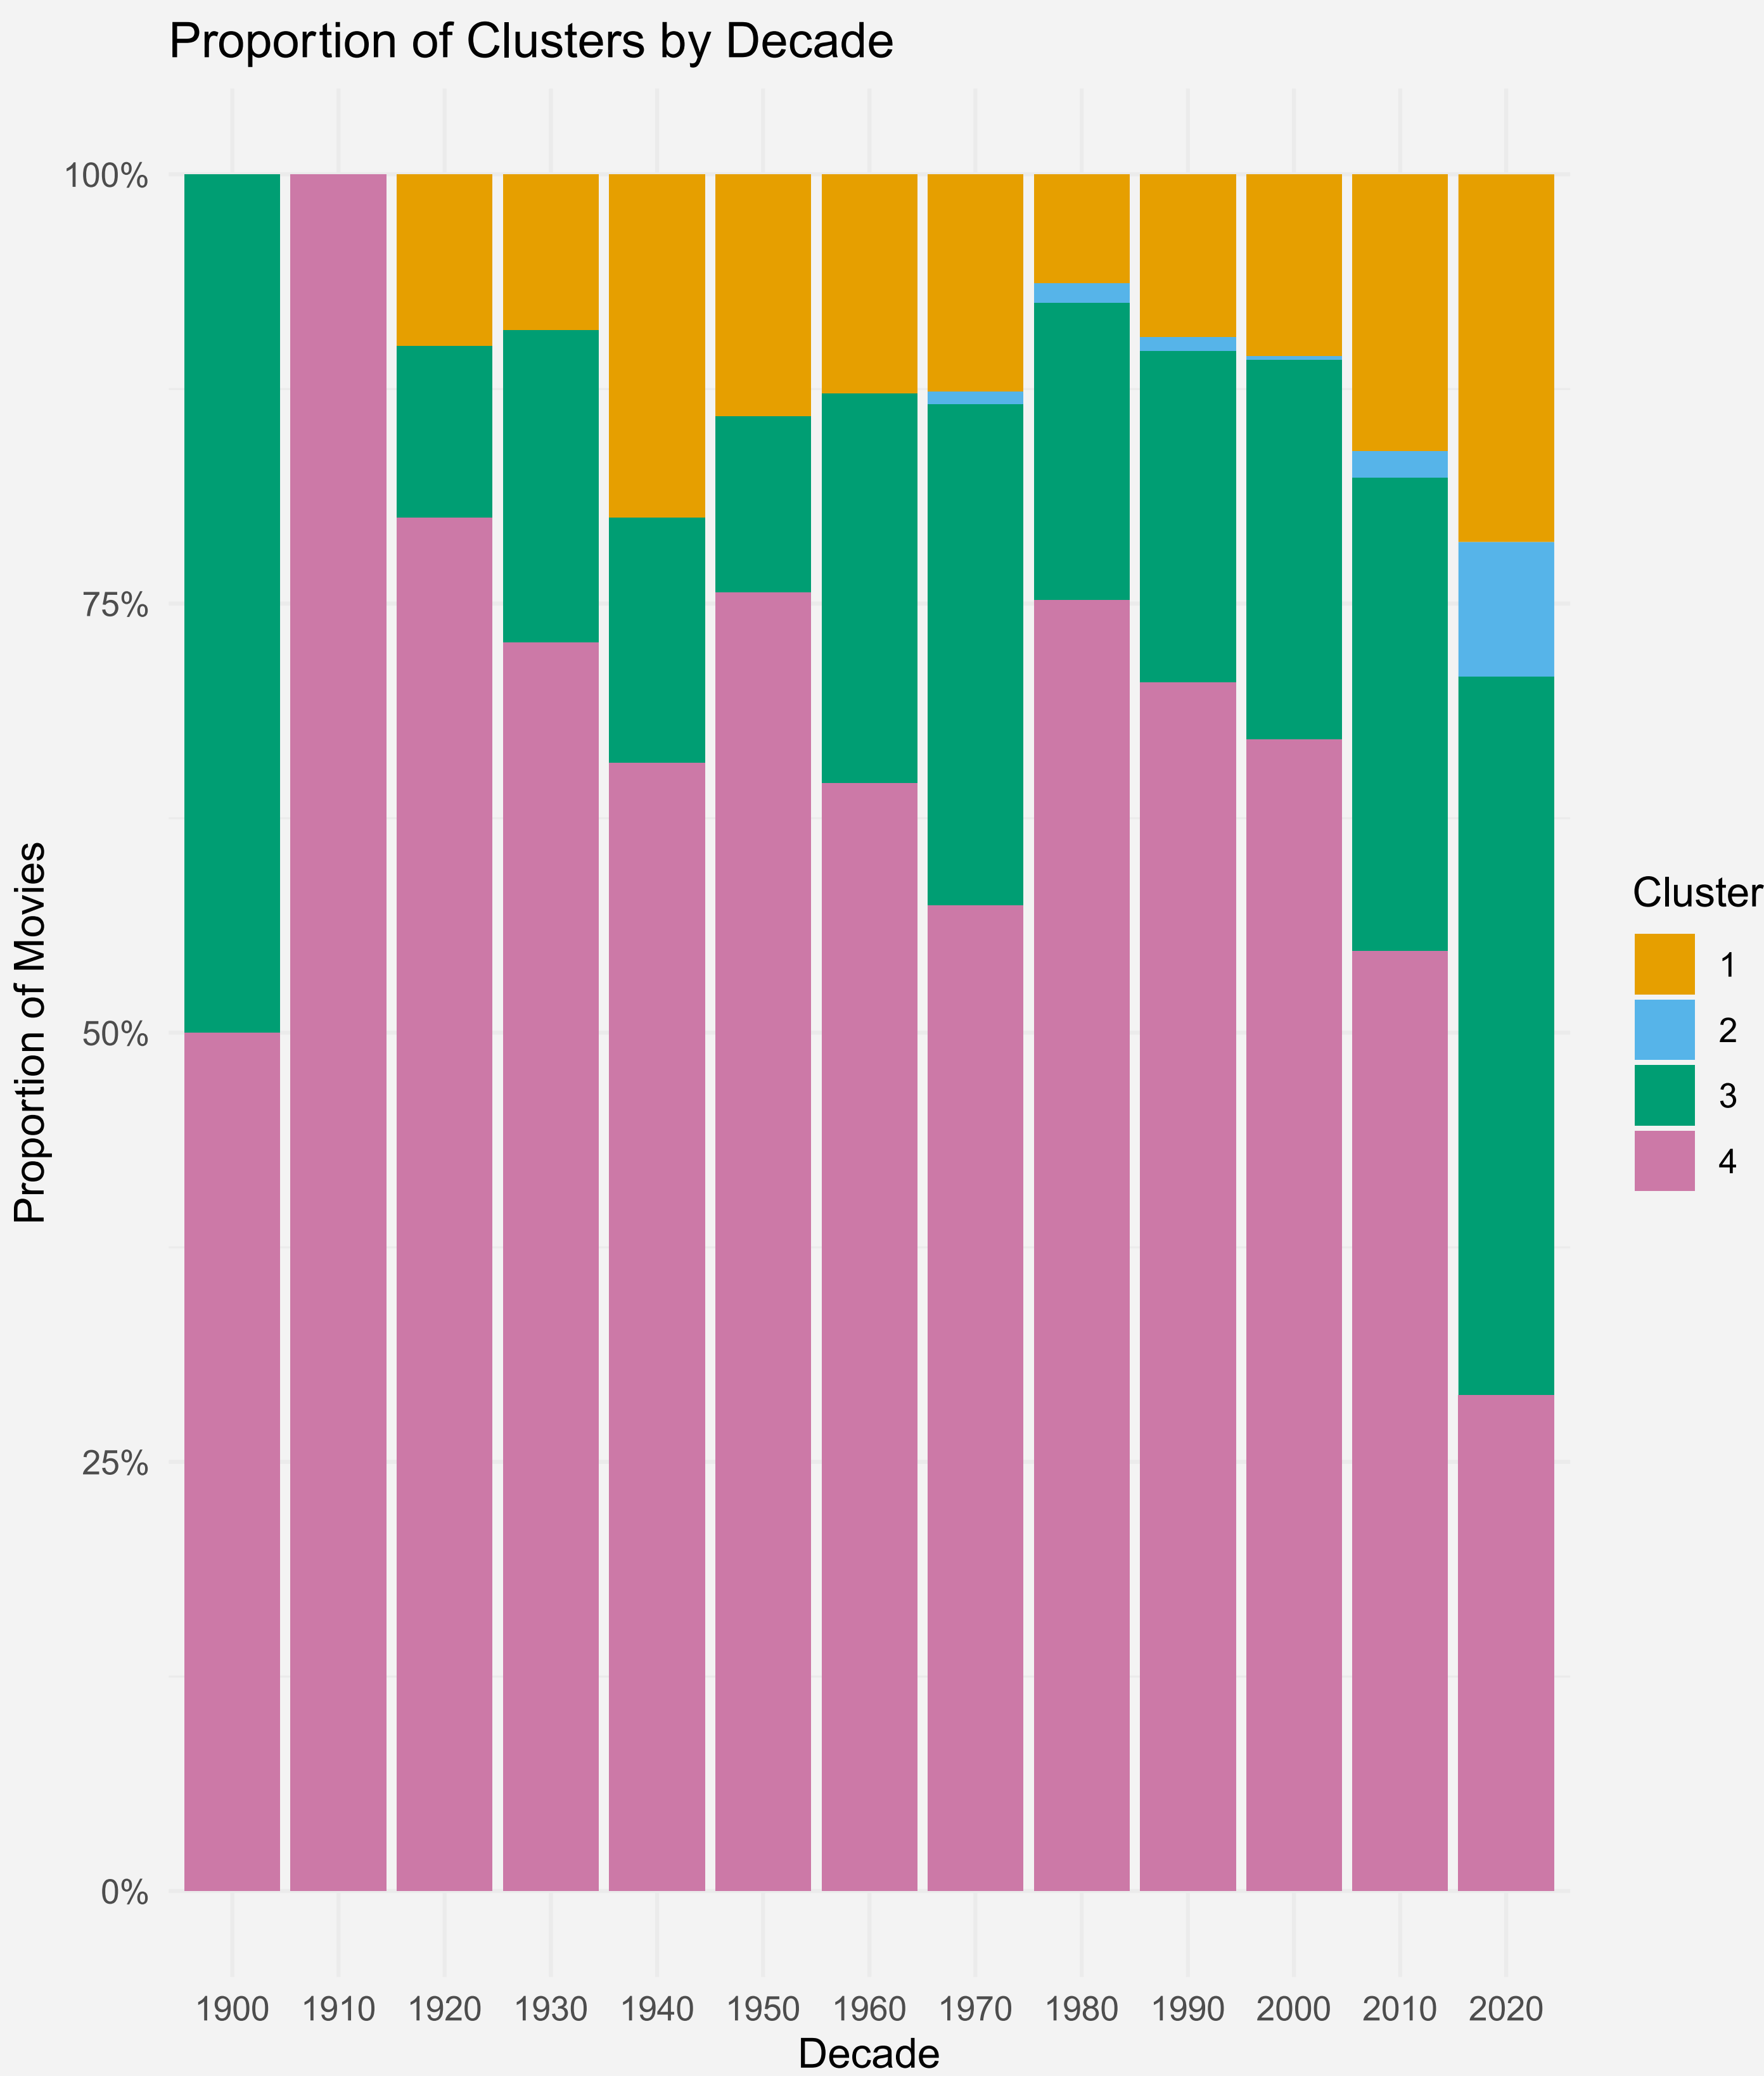

CLUSTER DESCRIPTIONS

1	 BLOCKBUSTER WINS High budget, high revenue, high score. Massive hits that pay off big and impress critics.
2	 BIG-BUDGET FLOPS High cost, low return, poor reviews. Rare outliers (~200 films)
3	 COMMERCIAL HITS Mid-to-high budget and revenue, decent reviews. Dependable performers.
4	 INDIE & GENRE FILMS Low budget, moderate revenue, high score Critically loved and dominate in count (>50% of data)
